

Shepherd of Grace Apartment Community

When you make Shepherd of Grace your home, you open yourself up to new experiences and new friendships. You may enjoy visiting with your neighbors while getting the mail, meeting a small group of neighbors to enjoy coffee and good conversation or more structured activities through our life enrichment programming. However, if you prefer a more private lifestyle, your apartment is your sanctuary.

Shepherd of Grace is owned and managed by the Good Shepherd Community of Sauk Rapids, MN. Shepherd of Grace embraces the same mission, vision, values and philosophy that have been very successful for the Good Shepherd Community since 1963.
