why i give?

Shepherd Salon

Shepherd of Grace Memory Cottages

Flower Stem Bar

"I donate because I like to give back. Over the 25 years I have been here, Good Shepherd has helped me get my CNA, TMA, LPN and RHIT."

Tina Streit
Health Information Manager

"Every cent is available to our needs. Our donation does not fund administrative costs or operating expenses. We are assured that 100% goes to our own community needs. Just one dollar per week (less than cost of coffee or soda) given by all employees would harvest close to $16,500 of good in one year. Please consider being a donor… YOU do make a difference for our residents and fellow employees."

- Janette Ditlefsen
Volunteer Coordinator

"I donate to Good Shepherd because our residents and staff are truly the best people, and I want to help provide for them in any way that I can."

- Emily Klever
Assistant Director of Nursing

"The Good Shepherd Foundation is making a meaningful impact on the lives of its residents and tenants through creative and heartwarming experiences! Events like musical performances and art classes not only provide enjoyment but also foster a sense of connection and personal achievement."

- Lori Johansen
Wellness Activity Director

"I support Good Shepherd Community because I know firsthand the amazing work that takes place here and the remarkable people who do it."

Jean Klosowski
Welcome Center

"I have been giving to the Employee Campaign since it has started in operation. I love making a difference in staff's life and the client's life and this program offers so much to the client and the employees. In the past years I have had some hardships and it is so comforting knowing that we can come to Good Shepherd and ask for help. You can give as much as you want and specify if you want it to go to the clients or staff. Help Good Shepherd make a difference in people's lives."

- Mary Liebl – Nursing Staffing Coordinator

"We chose to support Good Shepherd Community's foundation because it helps provide essential care and services to residents who may not have the resources they need. Supporting Good Shepherd Community assists in the work that is done to ensure that individuals receive compassionate, quality care in a safe and supportive environment. Our contribution allows Good Shepherd Community to continue enhancing the lives of its residents served through specialized programs and improvements, as well as offer programs to assist our staff during challenging times."

- Rhonda Phol - VP Human Resources
